for emergency use.

The new system is expected to be installed and ready for use in October. In connection with this improvement the hope is also expressed by the Attawaugan company, which practically maintains the villages of Attawaugan and Ballouville, as far as the greater percentage of the population is concerned, that the macadam road that has been talked of for several years past to be built between the two places will be put in this year. Aside from the great amount of trucking that is now done over this bad stretch of highway, conditions are frequently so had there during the winter months because of accumulations of mud and water, that travelers are obliged to use the fields to get through.

Putnam is going to have a safe and same Fourth. That is settled, Mayor Archibaid Macdonald has fixed a limit for the users of explosives that will keep them within bounds and give the other people a chance of getting through the holiday without fear of losing life or limb through someone's carelessness. The use of to pistols, guns and cannon that can be used to high a cartridge, or the use of a cane or any other davice that may be used to explode potash tablets, blank cartridges or potash tablets in any way or form has been expressed by the Attawaugan and Ballouville, as far as the greater percentage of inea through the other people a chance of getting through the other people a chance of getting through the holiday without fear of losing life or limb through someone's carelessness.
